The DAF Charity was established on June 21, 2018. It is the first foundation that has adopted Donor Advised Fund as its operating model in China. The China Global Philanthropy Institute, the Beijing Zhong Lun Charity Foundation and Shenzhen CSN Financial Services Co., Ltd, jointly established the DAF Charity as Co-Founding Parties. The registration authority of the DAF Charity is the Shenzhen Civil Affairs Bureau. With the strategic goal of ‘Enduring Philanthropy, Unfading Legacy’, the mission of ‘Helping donors with their charitable legacies’, the vision of ‘Connecting donors with lasting impact’, and the main business focus on ‘Serving donors’ with the ‘spirit of stewardship’, the DAF Charity strives to make charitable contribution more convenient and instrumental for donors, by offering them advised fund charitable accounts. It also strives to turn charitable contribution into an important part of donors’ overall asset allocation strategies on the basis of sound advice on the management and intergenerational transmission of family wealth, as well as long-term development of enterprises. The DAF Charity serves donors by providing services related to the contribution, investment, and grant of charitable assets in an independent, transparent and convenient manner, so as to assist professionals in building up charitable service relationships with clients, and empowering clients through charitable affairs, as well as to advocate the building of accountability through professionalism, and to encourage people, especially high-net-worth individuals, to join charitable causes. The DAF Charity also attempts to lead the effort to popularize philanthropy and inspire positive changes in the foundation sector in China.

In order to help donors achieve the goal of strategic philanthropy, the DAF charity will be participating in training and education in the field of family legacy, and will be integrating, transferring, and matching excellent training resources across the world. With creating, enriching, and promoting courses in the field of family legacy serving as the starting point, the DAF Charity will be able to lead the development of strategic philanthropy, thereby promoting strategic philanthropy-oriented family legacy affairs and creating DAF service chain, in cooperation with multiple platforms.
